"We believe we are making significant progress against our goals with the ongoing expansion of our OEM relationships and distribution network to meet the increasing demand for high-quality lithium battery technology from existing and recent new customers including Scout Campers, Alaskan Campers, and K-Z Recreational Vehicles. Our progress also expands beyond this vertical, having just announced that we will begin shipping our Home Energy Storage Solutions to our key integration partner, Wellspring Solar, in January 2025. We look forward to providing additional updates regarding the timing of our next conference call and to discussing our financial results for the quarter and year ended December 31, 2024, which are expected to be announced in March 2025."
